

# POINT OF SALE POWERSTATION

Set up checkout areas anywhere

## *Increase Sales and Profit with DTG's Mobile POS PowerStation*

With Mobile POS carts from DTG, you can set up checkout areas anywhere – inside or out – so you can capture more sales while promoting physical/social distancing at:

- Cafeterias
- Dining Halls
- Stadiums
- Arenas
- Retail Stores
- Healthcare Facilities
- And More!

## *Do More and Sell More*

- Supports any POS system, cash drawer, printer, scanner, scale and wireless/cellular connectivity
- Brings your cashier directly to your customers to dramatically improve the in-store experience and discourage purchase abandonment
- Allows your sales team to quickly swap cart batteries and never lose a minute or a sale
- Gives managers the ability to perform managerial tasks while overseeing sales associates and assisting customers
