About Star

Star Micronics, a world leader in point-of-sale (POS), has designated a portfolio of printing, secure cash management, self-service, and customer engagement solutions for any retail or hospitality establishment. Embracing the mPOS wave, Star's SDKs allow developers to utilize Star printers in tandem with Android™, iOS, iPad®, and iPhone® devices to generate receipts, labels, Chit, and tickets. Star Micronics is always leading and always innovating, creating cloud-based printing solutions, including CloudPRNT and Star Cloud Services, with AOA support and MFi connectivity. Star also has a wealth of peripherals, including 2D barcode scanners, scales, tablet display stands, and more. Visit www.starmicronics.com or follow us on Facebook, Twitter, YouTube, or LinkedIn to learn more.
