## ABOUT US

### A World-Leading POS Provider

Star Micronics, a world-leading POS provider, has designated an extensive portfolio of printing, secure cash management, and customer engagement solutions for any retail establishment with a POS or mPOS environment. Star's Software Development Tools allow integrators to utilize Star hardware solutions with any Android, iOS, and Windows devices with their application. Always leading, always innovating, Star Micronics has developed many innovative technologies such as CloudPRNT and the mCollection, including printers, NTEP & Measurement Canada Certified scales, tablet stands, 2D scanners, and more.

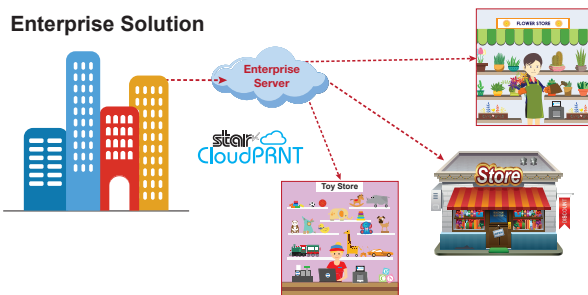

## Star Micronics Retail Point of Sale Solutions

## STAR CLOUDPRNT TECHNOLOGY

Star's CloudPRNT technology enables users to print to Star printers directly through a cloud service. CloudPRNT works with the web-based POS service to store and create print jobs, and communicate status with the printer.
