Always Leading - Always Innovating

SM-L200

The Cost-Effective and Compact Two-Inch, Bluetooth Low Energy Portable Printer

The SM-L200 is the first portable printer to offer the ability to connect any Apple, iOS BLE-compatible device with no pairing required. With no limitation on the number of devices connected, BLE is the perfect solution for BYOD (bring your own device) environments that does not require any certification or prior authorization from your iOS operating system. In addition to the BLE feature for iOS, the SM-L200 is Bluetooth (3.0/ 4.0) compatible with all operating systems (Windows, Android, and iOS).

Eco-friendly and economical, the SM-L200's BLE technology results in lower power consumption and features the convenient ability to be charged using its included USB cable with any mobile devices USB power adapter, external battery or PC USB port, eliminating the need for multiple power supplies. Its compact and lightweight design make this two-inch portable printer perfect for a wide range of applications from queue-busting in retail and hospitality to home delivery 58mm-wide invoicing.

With "Drop-In and Print" paper loading and long-lasting battery life, the SM-L200 is not only the most cost-effective portable printer, but allows the store clerk to step out from behind the counter and engage customers on the floor with the ease of Bluetooth wireless printing.

Features:
