CONTACTLESS NFC PAYMENT DEVICE WITH MAGSTRIPE READER

The ViVOpay Vendi contactless and magnetic stripe all-in-one payment device provides vending machine operators with an integrated acceptance device for contactless cards, NFC mobile phones and magnetic stripe cards. Customers can just tap or swipe to make a payment, while being guided through the payment process via the integrated high-contrast display. It is also capable of "remote download" to update its firmware applications without need for local intervention.

YOUR VENDING SOLUTION.

ViVOpay Vendi can be integrated with many vending machines to provide convenient card and mobile payments.
